

## Why You Should Vote Dan Reale

- He is for the entire US Constitution.
- Your great grand children will be indentured servants trying to pay off the \$50 trillion in unfunded obligations if you vote Republican or Democrat. You will see this paid down and the income tax phased out if you vote Dan Reale. It will be too late before the Republican or Democratic parties tell you the truth. It will be even later when they start to act.
- Dan Reale will not tell you how to live your life or manage your money.
- Half of your earnings, directly and indirectly, fund government at all levels. They inflate what they can't tax. It's time to keep your money and your purchasing power. The two party system will keep taking until there's nothing left. Dan Reale will help set them straight.
- Substance abuse is a spiritual and medical problem, not a criminal one. Dan Reale will go after violent criminals, and will stop wasting your money on people who only hurt themselves.
- Eminent domain used to place private property in other private hands is a violent crime. Dan Reale will free up prison space by ending the drug war to address this violent crime.
- The US military is the biggest polluter and consumer of oil because of its +700 bases in over 130 countries. Dan Reale will bring the troops home and use them for actual national defense.
- Dan Reale is for equal and fair commerce with all nations, and entangling alliances with none. The two party system is for trade cartels, price fixing, monopolies, outsourced jobs and broken economic promises.
- The two party system will remain occupied with steroids in baseball, banning incandescent light bulbs, dedicating post offices and commending NFL teams as Iraq ensues, multinational firms use federal dollars to offshore your jobs, the Federal Reserve destroys your purchasing power and Social Security recipients are being robbed to the tune of 43% ([www.shadowstats.com](http://www.shadowstats.com))
- Repeating the same thing over and over again while expecting a different result is the definition of insanity. It's time for a change.

**Don't wait until other people start voting for liberty. Be the first. Real change starts with you.**
